Matchmaking

Organizations that are 'export ready' and would like to look at the market in more depth can sign-up for a program of matchmaking services that will enable Canadian firms to benefit from introductions and meetings to promote their products and/or service offering to potential clients and partners in Colombia.

Introductions will take place in late April following the virtual trade mission program and there will be a \$300 fee for Canadian firms to participate in this element.

Deadlines:

Matchmaking: apply by Friday, March 26 with places confirmed to successful companies by Friday, April 2.

Virtual Mission: registration via email is open until Wednesday, April 7.

To register please contact:

Neil McIntosh, Aberdeen International Associates: Neil@aiascot.co.uk

Jennifer Tuck, Maritimes Energy Association: Jennifer@maritimesenergy.com
